

JAY WALKING MUST CEASE, SAYS BOARD

Nuisance Becoming Greater Instead of Abating, Kerr's Complaint.

Jay walking at the city's most congested street intersections will have to cease, say heads of the city administration. It was decided at a meeting of the board of public safety, with nine traffic patrolmen, that the section of the traffic ordinance stating that pedestrians must keep to the sidewalk was to be enforced. Violators will be warned, and persistence will result in arrest, or at least an appearance before Chief of Police Kerr.

Jay walking at Washington av. and Michigan st. has become a menace both to the traveling public and to the pedestrians themselves. More than once the officer on duty there has saved by a hair's breadth some woman or small child from the wheels of an approaching street car, or averted a collision between automobile and truck. People walking diagonally across the street is given as the cause for much delay in traffic, danger, and law violation.

"We appeal to the common sense of the citizens of South Bend," said Pres't B. F. Augustine of the safety board Tuesday morning. "The persons guilty of this type of petty law violation realize that it is wrong, but to save a few possible seconds they risk their own lives and those of others. We will endeavor to stop the nuisance."

Chief of Police Kerr was chief complainant at the meeting. He declared that the officers on duty at the crossings were powerless to stop the practice. He appeared before the board of public works at its regular meeting Tuesday morning and asked that the former custom of white-marking the safety zone at the crossings be resumed. The board will probably start the marking within the next few days.

WARD SCHOOL FIELD DAY TO BE HELD DURING MAY

At a meeting of representatives of the ward schools held Monday afternoon it was decided to hold the annual track and field meet of the city schools during the latter part of May. The date to be selected will be either May 21 or May 28. Due to the great amount of work entailed in promoting the meet it was feared for a time that it would be discontinued.

Supt. of Schools Montgomery, however, pleaded strongly for the continuance of the event and the final vote was cast in favor of another meet.

All the usual track and field events will be on the program in addition to drills and other exercises.

Revenue Agent Reports Local Office in First Class Condition.

Revenue Agent Sawham from Washington, D. C., spent Monday in the city inspecting the South Bend revenue office in charge of J. P. Butler, revenue collector. The agent reported at the finish of his inspection that the South Bend office was the second office in which he had been able to strike a balance in the accounts since last November. The one other office found in as good condition was a small office in Maine where the total receipts had amounted to no more than the receipts of one day here.

The schoolmaster wanted to know whether the boys had an understanding of the functions of an American consul.

"Supposing," he began, "some one took you up in an aeroplane, and after a long, exciting flight, dropped you down thousands of miles from home in a country quite foreign, what place would you seek out first of all?"

An eager hand was instantly uplifted.

"Well, Willie, what do you say?"

"Please, sir, the hospital,"—Top-Notch.

AWAIT EXPRESSION OF TAGGART'S ATTITUDE ON DIXIE HIGHWAY ROUTE

An expression of Thomas Taggart's attitude toward South Bend on the Dixie highway route is being eagerly awaited. Sec'y H. G. Spaulding of the Chamber of Commerce on behalf of the local committee has dispatched a letter to Taggart requesting him to give his opinion on the South Bend route. A reply is expected in a day or two on the query. A similar letter may be sent to Carl G. Fisher, the other representative named on the commission by Gov. Raister. At present Fisher is believed to be at Miami, Fla., enroute home from the fight last week at Havana, Cuba. There is still a question of whether Fisher will accept the appointment.

In addition to the letter from the Chamber of Commerce over 100 other letters have been sent from South Bend and surrounding cities to the commissioners all boosting for South Bend.

As yet no real opposition to the South Bend route has been advanced openly from any one in the state, says the local committee, except in one instance. Curiously this one person is a woman, none other than Mrs. Samuel Ralston, the wife of the governor. Mrs. Ralston was one of the enthusiastic visitors at the convention at Chattanooga, and is reported to have boasted for the route to Lebanon, Ind. Lebanon is the home of Mr. and Mrs. Ralston, and it is known that the governor's wife would be exceedingly gratified to have the Dixie highway strike her home city.

TWO HOURS' WORK SELLS 329 SHARES

Report of First Day in Stock Selling Campaign of Fair Association Encouraging.

Two hours' work Tuesday morning by the committee men in charge of the stock-selling campaign for the proposed St. Joseph County Fair and Amusement association netted 329 shares for a total of \$3,290. This was the report made at the first luncheon of the committee at the Oliver at noon Tuesday.

Three hundred and twenty-nine shares in two hours was considered good work in view of the fact that many of the committee men were unable to get into the harness. By Wednesday morning all committee men of the 290 are expected to be working and the report Wednesday noon is predicted will send up the total by about \$10,000.

Fred L. Dennis presided at the luncheon Tuesday.

J. P. McGill's team led the first report with 157 shares. The standing of the teams Tuesday was as follows:

J. P. McGill	157
C. J. Alhardt	72
P. L. Dennis	60
Abe Livingston	28
E. P. Dailey	19
Frank McGinnis	10

Sam Leeper in a short talk explained that he had been assured that the fair association could have a lease on the property from the street railway company for 25 years. He stated he had received this assurance from the Murdoch interests. Furthermore, Mr. Leeper stated that the association could have a lease on the property as long as it desired it for amusement purposes and if a demand is ever made to vacate, the association will be given three years' time to do so.

ASKS FOR ABSOLUTE DIVORCE AND ALIMONY

Ratajczak Case Continued by Judge Until Wednesday when Wife Makes More Demands.

An amended petition was filed Tuesday morning in the circuit court in the case of Catherine Ratajczak against Frank Ratajczak. The plaintiff now asks for an absolute divorce with \$1,000 alimony, whereas by her original complaint she asked only for separate maintenance. The amended complaint was filed when the court intimated that under the circumstances an absolute divorce would be preferable to a limited divorce. Further action will be taken by the court Wednesday afternoon.

Mrs. Ratajczak filed her petition for divorce on Nov. 3, 1914, charging that her husband had abused her and had failed to provide for her during five years of married life. She alleged that he was well able to care for her inasmuch as he owned property at 502 S. Lincoln st., and also earned good wages as a foreman. The defendant later filed a cross-petition in which he sought to secure an absolute divorce on the grounds that his wife had ill-treated him and was trying to get all his money.

CLEAN PENS SAVE MONEY

In the current issue of Farm and Fireside, the national farm paper published at Springfield, O., S. Burch, associate editor, writes an article about hog cholera showing the good results from vaccination. He tells many stories of actual cases and in the following story tells how a foolish farmer lost his hogs:

"A man near Plainview, Kas., wanted to have his hogs vaccinated. The veterinarian noticed that some of the mudholes in the hog lot were covered with scum and cautioned the owner of the hogs to provide a good clean place for them. On assurance that the hogs would be put in an upland alfalfa pasture, the veterinarian went ahead with the work. But the next day, when he happened to go past the farm, the vaccinated hogs were wallowing in the green scum. The owner admitted he had promised to put the hogs in the upland pasture only to get his hogs vaccinated without a lot of argument, and said he didn't have much faith in vaccination or in terms and such things.

"None of those vaccinated hogs died of cholera, but 75 per cent died of blood-poisoning. Infection arising from such sources is believed by nine experts out of 10 to be the cause of abscesses in hams and shoulders or wherever the injection is made."

WILL BEGIN PLOWING VACANT LOT GARDENS ON WEDNESDAY MORNING

Plowing of the vacant lots for the city gardeners is expected to be started Wednesday. F. B. Barnes, director of municipal recreation, met with City Commissioner D. C. Layton to arrange for teams to be on the grounds early Wednesday morning. Mr. Barnes stated that the plowing will be continued until all parts are turned over. They will then be platted and apportioned to the applicants.

All plowing will be done free of cost to the gardeners. The school gardeners, however, will be taken care of by the schools themselves as will the home gardeners.

Following the plowing and apportioning, all will be directed to begin work. Seeds for the vacant lot gardeners have been distributed from the county trustee's office and reports are that there will be some big gardens during the summer in various sections of the city.

The distribution of the seeds for the school gardens will be made Thursday at Director Barnes' office in room 113 in the basement of the high school. The seeds will be given to the school representatives who will distribute them among the gardeners.

It is expected that by the end of the week the city-wide gardening activities will be in full swing.

LEADER OF GANG OF YOUNG BANDITS GETS 30-DAY JAIL SENTENCE

Chester Arnold, alleged leader of the west end gang of young bandits recently taken into custody for robbery and car breaking, was sentenced to 30 days in the county jail Tuesday morning in city court. Henry Nowicki, 2123 W. Rogers st., a companion drew a suspended sentence of 30 days, while Frank Cramzen, 1913 W. Sample st., will be sentenced later. All were found guilty after testimony by special officer Shannon, P. Robin, 546 S. Chapin st., whom the boys are alleged to have held up and robbed of fruit in broad daylight.

Cramzen it was said by the authorities presented a difficult case. He is under suspended sentence and defies the police to send him to the reform school. Kuipers declares he is one of the wildest of the west end's younger gangsters. He and Johnny Mihalski, wanted upon several serious charges, are said to be partners in crime. Mihalski is yet at large.

FIFTY-FOUR DEAD AND 614 CAUGHT IN INDIAN MUTINY FEBRUARY 15

LONDON, April 13.—The Indian mutiny which broke out at Singapore on Feb. 15 resulted in the death of 54 persons and the arrest of 614. Two of these killed were executed by the British authorities after the mutiny had been quelled by the 21st regiment. Eleven other mutineers are missing and are believed to have been drowned along with a number of others while trying to cross Johore straits. The foregoing information was contained in a detailed official statement given out by the government press bureau today.

ENGLAND CENSORS ALL ALLIES' WAR NEWS

Dispatches from Petrograd and Paris Must Come Through London.

LONDON, April 13.—England now controls all sources of the allies' war news, not only in her own country, but also in Russia and France. The English censor is supreme.

A few weeks ago reports were current that a German submarine had cut the lines of the French cable company running from France to the United States.

This was incorrect. England had taken the final step to shut off all news except that which passed through her censors' hands.

For several months the English government officials were irritated by the fact that considerable news from Petrograd and Paris reached America without passing through London. Some military secrets which the British war office had concealed were revealed by Paris and Petrograd dispatches.

This is now impossible. Dispatches from Petrograd to Paris can reach the United States only through London. Dispatches from Paris have to go via London to the United States.

It is possible to get a war dispatch from Paris over the French cable, but it has to go through the censorial clearing house in London first. This has resulted in several peculiar happenings.

The French cable company is owned by France. As a result of the arrangement made by Paris and London officials its traffic has been diverted to other lines because persons filing messages in Paris disliked the idea of having their dispatches sent to London and then back to France for final transmission to the United States.

THREE MEN ARRAIGNED, CHARGED WITH STEALING CIGARS AND TOBACCO

One Admits Guilt While Other Two Demand Trial—Father of One Held as Accomplice Is Released.

Alonzo Biddle, 712 South Bend av., Robert Newberry, 611 E. Washington av., and Arthur Burns, 625 N. Notre Dame av., were arraigned in city court Tuesday morning upon charges of breaking into the offices of the National Grocer Co., committing a felony. The boys are alleged to have taken several boxes of cigars, cigarettes and tobacco. William H. Swintz of the grocer company was the complaining witness.

Newberry was the only one of the three who admitted his guilt. The others denied the allegations and demanded a trial, waiving preliminary examination in city court. They were bound over to the circuit court grand jury under bonds of \$200 each.

James A. Biddle, father of Alonzo Biddle, was arraigned for receiving stolen goods. He was alleged to have received a share of the cigars and tobacco taken from the National Grocer Co., in which robbery his son, Alonzo, was involved. Charges were dismissed, however, because of lack of evidence.
